Health Technology Assessment.

Abstracts must be submitted online at [Call for Abstracts](#). **Submission Deadline: Friday, Oct 30, 2015.** Questions may be sent by email to symposium@cadth.ca. For more, [click here](#).

Call for Submissions:

Health Reform Observer (HRO): is an open access, peer-reviewed, online journal

PAN-CANADIAN HEALTH REFORM ANALYSIS NETWORK (PHRAN)
RÉSEAU PAN-CANADIEN D'ANALYSE DES RÉFORMES DE SANTÉ (RPARS)

publishing concise, plain-language analyses of individual health reforms related to the governance,

financing and delivery of health care in the Canadian provinces and territories, as well as in-depth, cross-issue and cross-jurisdictional “roll-ups” of these reforms. The journal is actively seeking submissions and building its list of reviewers.

HRO-ORS does not charge any fees to readers or contributors, nor does it compensate its reviewers. The journal strives to operate a rigorous and open review process, meaning that the identities of both the author(s) and reviewers are disclosed to one another. Our reviewers are encouraged to provide all prospective authors with constructive and timely advice regarding how to improve their manuscript regardless of their recommendation to accept or decline the manuscript for publication.

Manuscripts may be submitted in English or French and should follow the HRA or CHRA guidelines found on the journal's home page. For more information concerning submissions or to express interest in joining our team of reviewers, please [contact: hro_ors@mcmaster.ca](mailto:hro_ors@mcmaster.ca). For more, [click here](#).
